Dear Colonel Malone,

Many thanks for your kind letter and the Plaque which is now proudly displayed in our Sports Club.

The majority of the injured players are now up and about and beginning a new season. One of our Officers is still on sick leave and a further member of the squad is still undergoing medical treatment from home. However the squad is in good heart this season and we have a reasonable chance of winning our Army Cup competition.

As you say in your letter, I do hope our two teams may come together at a future date either in the States or better still on our home ground.

Thank you again for your kindness.

Yours sincerely
MA Lodge
